Fire Fighter I (2013) and Fire Fighter II (2013) Certification Update

Recommended Actions:

Approve Update to Fire Fighter I (2013) and Fire Fighter II (2013) Certification

Background Information:

The Fire Fighter I and Fire Fighter II (2019) curriculum and certification was recently updated and is going through the SFT approval process. The new curriculum and certification were developed from national professional standards and meets the needs of the California Fire Service for training content and delivery for entry level personnel.

Several changes were made to the Fire Fighter 1 and Fire Fighter 2 (2019) certification requirements, and the curriculum cadre decided that some of these changes should also apply to candidates who are currently taking or have completed the Fire Fighter I (2013) curriculum.

Analysis/Summary of Issue:

The Fire Fighter I (2013) experience and task book requirements will be modified to allow candidates to apply for Fire Fighter I (2013) certification at time of academy graduation. This change will put SFT in alignment with POST, EMT, and other states.

- 1) Fire Fighter I (2013) task book will now be required when the applicant applies for Fire Fighter II (2013) certification. Candidates who have completed their Fire Fighter I (2013) task book, will be required to submit it to SFT at time of application for Fire Fighter II (2013) certification.

- 2) The experience for Fire Fighter II (2013) has been modified to match the previous Fire Fighter I (2013) experience requirements which is 6 Months Full time or 1 year part time/volunteer experience.
